

OF  
PEACE & MIND  
&  
LIFE DESIGNED

**We all know the saying "peace of mind" and it's comforting to think we can achieve it. Most of us, in varying degrees, live in its comfort for large part of our lives while others live much of their lives without it.**

Let's think in depth a moment! Do peace and mind live naturally together? Is eternal peace what mind seeks, or is peace, in OUR meaning of it, the peace of satisfaction with our lives? Does eternal peace only exist in the nature of the universe from which we were created?

The sun – all stars, will burn out! How can they be reborn of themselves? When burned out they are just inert waste giving no light or heat. Will they all, in the eternity of time, be drawn into "black holes" and further reduction to their natural eternity?

But our universe could never exist if that were its only nature! That would be in contradiction of universal laws. If it begins in its destruction then it cannot begin! With its energy at rest it could neither regenerate, nor generate, it could never be more than energy at rest.

So our universe must include mind! Only intellect can plan ahead to divide the element of eternal rest to create a positive and negative energy – the energy for creation of physical order – a dynamic system to provide a base for those more complex orders we call life and humanity. Will the ultimate of eternal peace forever oppose the creative ambitions of life?

**Our need of rest, revision and peace of mind are embedded in our psyche!** We need and we need rest from life. As tools of the Creator they make both animate life and development of mind comfortable.

So let's forget the teachings of junk science as we look afresh at our world today. Our lazy attachment to the fraud of chance creation explains why Christians today bury their talents and fail to learn simple lessons of life such as in "Prophecies and Warnings" Matthew 24, 25.

**In this example** we see a man who, going on a long journey, gives three servants something of value. When he returns two have put their gifts to work and doubled the value but the third buried his and gained nothing. The master sacks the servant who is unproductive and gives the wealth, left in that servants keeping, to those productive.

Does that seem to you to be a difficult lesson to learn? Of course life is not about gold or money, this is a lesson for all humanity and the great gift to humanity is not money or gold it is the ability to develop our intellect and become more attuned to life.

This ability we can use and profit from by gaining wisdom and understanding to use in the ordering of our lives. Crude embroidery, added to Gospel lessons by mankind,

should be easy to recognise and dismiss. However ignoring large changes; as from the Bible at the time of Jesus to what we have today (such as deletion of much of the Book of Enoch). Should be, at present level of development, be recognized as sloth and self determined ignorance.

Having adopted lazy attitudes we allowed ourselves, over time, to be seduced to simple pleasures and unearned gain. We ceased moral use of intellect in favour of fun and ease!

As seen, some appear to glory in their ignorance. We now treat intellect and communal morality with growing contempt as we open our arms and close our minds to animal lusts and criminality.

How is this culture best described? This culture, now worldwide cannot be described as other than criminal! Its organisation is along the lines of the common mafia. Our few genuinely caring leaders have exposed it in clearly damning terms. Here some samples:

John F Kennedy (35th president of the USA) quote: *"For we are opposed around the world by a monolithic and ruthless conspiracy that relies primarily on covert means of expanding its influence; ..."*

Following quotes (underline added) are re-quoted from our literature (mainly Books 1 & 2). These show

that our enemies and their Change Agents are proud to explain themselves in thin disguise but never admit in open forum that they use Hegelian Dialectic principles for mind manipulation or that misinformation is designed for control of the mind of the commonality.

Though our few moral leaders have found the truth disgusting they have been unable to penetrate and explain it convincingly to the misled people.

**Here is a reminder from Quigley; an insider. It is from his massive book "Tragedy and Hope" 1966. Quote:** *"Other themes woven into anti-bourgeois propaganda in literature and drama were "an oversimplified Freudianism that regarded all suppression of human impulse as leading to frustration and psychic distortions ... the salutary consequences of self-indulgence ... [and a] total rejection of middle-class values, including time, self-discipline, and material achievement, in favor of a cult of personal violence...."*

*"The result, concluded Quigley, was "a total reversal of middle-class values by presenting as interesting or admirable simple negation of these values by aimless, shiftless, and totally irresponsible people." ... [such as is now so well represented among those for whom we vote and flood public services.] *Television is the single most effective means of shepherding the American population**

*through the dialectic process. This is why Americans seriously interested in preserving their freedoms should severely limit or entirely eliminate their TV viewing."* End Q. Underline added.

Note: humanism without clothes shows clear promotion of animalist behaviour with suppression of human morality at its heartbeat.

This result, now worldwide, is plain to see but (in hold of philosophy and propaganda) the people are blind to its meaning. Subversive ideas, once accepted, enslave our will and force, as we see below, is no longer needed for public control!

**"The Italian Marxist Antonio Gramsci:** *" ...developed the concept of cultural hegemony: 'control people's minds, and their hearts and hands will follow'. Gramsci explained how a dominant class can establish its control over others through ideological dominance.. End Quote.*

Though long known, nevertheless the stakes were so high that the rat poison fluoride, (as a low dose sedative) was added to public water as an additional but probably unneeded, safeguard.

**William Bowen. 1984. Quote:** *"Globalists wield almost limitless power because of their wealth and position. They are convinced [and convince us] that what they are doing is for the eventual salvation of*

*mankind and the planet earth. The greatest strength they possess is that the general public ... does not even know they exist.”* End quote.

**Disraeli (1804-81) put it thus; quote:** *“The world is governed by very different persons from what those believe who are not behind the scenes.”* End quote. He, near two hundred years ago, was in a position to know.

**Carl Sagan. Nobel prize winner. Quote:** *“One of the saddest lessons of history is this: If we have been bamboozled long enough we tend to reject any evidence of the bamboozle. We are no longer interested in finding out the truth. The bamboozle has captured us. It’s simply too painful to acknowledge even to ourselves that we have been taken. Once you give a charlatan power over you, you almost never get it back. So the old bamboozles tend to persist as new ones arise.”* E.Q.

**A revealing quote by Caldwell & Zanfagna in their book *Fluoridation and Truth Decay* p8, is from writings of Edward L Bernays:**

*“The conscious and intelligent manipulation of the organised habits and opinions of the masses must be done by experts, the public relations counsels (Bernays invented the term); they are the invisible rulers who control the destinies of millions ... the most direct way to reach the herd is*

*through the leaders. ... all this must be planned ... indoctrination must be subtle. It should be worked into the everyday life of the people – 24 hours a day in hundreds of ways ... A re-definition of ethics is necessary ... the subject matter of propaganda need not necessarily be true.”* EQ.

Yes it is abominable, but some of our race, raised in our culture, use it with enthusiasm and without thought that they themselves are among the millions being deceived to the self-destruction of their human abilities.

Bernays, said to be the father of modern PR, in promoting control “through the leaders” supports the earlier quotation from Disraeli.

We ‘the people’ think that those we elect (illegally), then argue about and beg of, are the government. Not so, they are ‘people leaders’, sheep dogs to round-up public opinion.

Many now suspect it but misguided by philosophy, are confused. Will we forever consign our children to slavery as prideful we ignore our intellect?

**Machiavelli (1469-1527) also saw these problems; quote:**

*“One of the great secrets of the day is to know how to take possession of popular prejudices and passions in such a way as to introduce a confusion of principles which makes impossible all understanding between*

*those who speak the same language and have the same interests.” EQ*

**James Madison, Former US President to W.T. Barry, 1822.**

**Quote:** *"Knowledge will forever govern ignorance: and a people who mean to be their own governors, must arm themselves with the power which knowledge gives." E.Q.*

It is high time we thus began arming ourselves for our continued existence now depends on our governing of ourselves.

**Bernays again: quote:**

*"Formerly the rulers were the leaders. They laid out the course of history by the simple process of doing what they wanted. And if nowadays the successors of the rulers, those whose position or ability gives them power, can no longer do what they want without the approval of the masses, they find in propaganda a tool which is increasingly powerful in gaining that approval. Therefore, propaganda is here to stay.*

*"It was, of course, the astounding success of propaganda during the war that opened the eyes of the intelligent few in all departments of life to the possibilities of regimenting the public mind. The American government and numerous patriotic agencies developed a technique which, to most persons accustomed to bidding for public acceptance, was new. ..." E.Q.*

By modern technology and experience that power is now multiplied V.C. Vickers, tells us more precisely where that power is now seated.

**V. C. Vickers. Bank of England Governor: Quote:** *"The present order of our lives is governed and controlled by the governors and controllers of money ... If an economist from Mars or a little child of ordinary intellect were told of the present position they would rock with laughter at the blind stupidity of mankind." E.Q.*

Since that was written life has moved on and today the little child from Mars would more likely cry.

Do we care about the future of life? Do we care who governs us? We should; our future depends on it!

Wherever in the world you are, it is certainly not the blindfolded people and the greatest of life disasters will come of deformities to life created deliberately by mankind and depicted by deformed creatures pictured in "REVELATION".

Yes, even at the time of Vickers and Rockefellers\*, money was still valued in terms of gold and silver; not perfect as substitute for labour but very much better than numbers printed on paper or floating in cyberspace as are billions now created out of thin (polluted) air. But remember such are easier to dismiss!

Another scam is 'money' from oil delivered free from the earth at cost of finders fee and transport. The sale of this ocean of oil is a racket as immoral as would be the opportunist sale of fresh water from the arctic ice – or the air we breathe!

The work-cost of collecting and transporting this natural resource to market is multiplied by whatever the market will bear. This gives further \$billions for this social mafia to add to the "print and sell" money paid for (at face value) by 'our' governments on our behalf.

Having been enabled to power they can then buy and shape, philosophy, government and world commerce.

*So a few people use this incredible 'fiat' (fake) wealth to warp education; communications media; governments and entertainment – Mafia families for generations have used illusion and imagery to rule our minds!*

We look-on as railways are allowed to run down and the more polluting and expensive (profitable) road and motor transport takes over.

Can we now see why clean energy from the sun, delivered to almost every household, was discouraged and why dangerous Global Warming has such heavy propaganda aimed to confuse and curtail thought of alternative culture and lifestyle? Defending this is not about jobs!

But how can we believe that other humans, just like us, would be willing to sacrifice most of the earth's population for personal greed?

Well we close our eyes to what we don't want to see; on TV, Sept. '09 (cigarette story): *'they are willing to kill as many people as the law allows'*. We know that the people we elect to govern us, make the law? We also know that these are chosen by commerce funded political parties that work for foreign interests.

A recent report related to compulsory vaccination of school girls adds further to "lifetruth" investigations. This compulsory vaccination may not harm your daughters but we will not know all possibilities for 20 or 30 years. The question is: *What will the next compulsory vaccination be loaded with?*

*Quote: "NaturalNews reported public statements attributed to Dr. Diane Harper, a researcher who worked on both the Gardasil and Cevarix vaccines. A story appearing in the UK paper Sunday Express, entitled "Jab as deadly as the cancer," quoted Dr. Harper as saying the cervical cancer vaccine might be more dangerous than the cancer it was supposed to prevent.*

*In the time since that story was published, Sunday Express has been under relentless attack by pro-pharma "scientific" journalists, drug companies and even Dr. Harper*

*herself who now claims the entire story was wholly fabricated. ... "*

*Oh really? NaturalNews wonders: Who got to Dr. Diane Harper? Did she change her story after being threatened like many other pharmaceutical researchers have been?*

*To answer this question, we ... gathered some quotes attributed to Dr. Diane Harper by other news sources, including CBS News, US News & ... Here you'll see what Dr. Diane Harper really has said about Gardasil and HPV vaccines. Here are some of the highlights (dates and sources provided [see] below):*

*"We don't know yet what's going to happen when millions of doses of the vaccine have been given and to put in place a process that says you must have this vaccine, it means you must be part of a big public experiment. So we can't do that until we have more data." - Dr. Diane Harper*

*"If we vaccinate 11 year olds and the protection doesn't last... We've put them at harm from side effects, small but real, for no benefit... The benefit to public health is nothing, there is no reduction in cervical cancers..." - Dr. Diane Harper*

*"I think there's a strong possibility that Gardasil was the catalyst that set off the ALS [Lou Gehrig's Disease]. It could have been the straw that broke*

*the camel's back in a child who was already predisposed to the condition. I do think it's wrong for physicians to tell parents that it's 100 percent safe." - Dr. Diane Harper*

*"...neither physicians nor women should be lulled into a false sense of security [about the vaccine]" - Dr. Diane Harper*

*"It is silly to mandate vaccination of 11- to 12-year-old girls There also is not enough evidence gathered on side effects to know that safety is not an issue. This vaccine has not been tested in little girls for efficacy. At 11, these girls don't get cervical cancer - they won't know for 25 years if they will get cervical cancer. ...To mandate now is simply to Merck's benefit, and only to Merck's benefit." - Dr. Diane Harper*

Good one – but if you are not prepared to go all the way with your natural logic remember the world has fifty years of experience to say half-hearted effort will achieve nothing. If you are serious about exposing the shame of our culture read [www.lifetruth.org.au](http://www.lifetruth.org.au) and spread the message.

The tapestry of social corruption is seamless and perfected through generations. There are on site more quotes than listed here. We want to trust our culture as we trust

ourselves! Laugh if you must at this old grey head but spare your children from those mind dead, those cowards who think it smart to mind-warp children to self destruction.

People of developing intellect in all human history confirm and support my own research and drive my continuing desire to understand in greater depth even at cost of frequent re-writing for clarification.

We are given talents for our learning and development; so long as the body is healthy and the will remains, learning development can continue.

Sadly, most now see early learning as their animal instinct and shrug off development; but we are not, as common animals, limited to instincts.

We should all take care not to waste our most precious gift! Many are fooled, look honestly to your future!

### **HOW CAN WE ESCAPE?**

Humanist indoctrination sets us to believe we are just animals but that is disproved at every level of logic.

Use of our logical ability gives us the answers! Knock, in honesty, and the door will open! Don't surrender to social pressures for casual comfort.

**Note:** *"Rockefeller Senior founded, amongst other organisations, the University Of Chicago, the Rockefeller Institute for Medical Research and the*

*Rockefeller Foundation 'to promote the well-being of mankind throughout the world.' His benefactions probably totalled over 150,000,000 Pounds Sterling."*

**Old saying: Who owns the gold runs the business!**

What was 150,000,000 Pounds Sterling (represented by gold) worth then?  
What would be its worth today?

Philosophies define the difference between cultures!

Compulsory education directs culture today. Compulsory medication limits your health. Who shapes your beliefs and attitudes? Who rules your life?

*A child's attitude may be 90% set by age 7 years.*

*Who decided that children be removed from their parents and start government education at the earliest possible age?  
Who deforms minds and sets beliefs?  
Who created the conditions that made two incomes per family both necessary and seems fashionably desirable?*

*Why do children now create violence for fun with growing numbers of children and adults becoming an economic liability to the State?*

**For ultimate peace of mind understand the truth of life and make yourself safe from cultural subversion.**
